

How to Install WPCargo ThemePro

Follow the steps to complete the installation:

1. In your WordPress dashboard, go to appearance > Themes then activate wpcargo pro child theme.
2. Install the Required Plugins such as:
 - **Contact Form 7**
 - **SiteOrigin Widgets Bundle**
 - **WDES Responsive Mobile Menu**
 - **Widget Importer & Exporter**
 - **Animate It!**
 - **MailPoet Newsletters**
 - **Page Builder**
 - **Search & Replace**
 - **Theme My Login**

Activate the WordPress Importer (if necessary).
3. To import the demo, navigate to Tools > Import, run the WordPress Importer and upload the wpcargo-demo.xml file (wpcargo-demo.xml file can be found inside the theme folder wpcargo-pro/demo/wpcargo-demo.xml).

- **Footer Left** - set the text to display at the left of your footer
- **Footer Right Text** - set the text to display at the right of your footer

The screenshot displays the WPCargo Pro theme's footer customization interface. On the left, a sidebar contains various settings for the footer. The 'Footer Bottom Layout' section offers three options, with 'Layout 1', 'Layout 2', and 'Layout 3' highlighted in red boxes. Below this, there are color selection tools for the background and two border colors. The 'Footer Right Display Type' is set to 'Social Networks'. The 'Footer Font Size' is set to 12. The 'Footer Left' text is '© 2017 - All Rights Reserved'. The 'Footer Right Text' is 'Design by WPCargo Theme Pro and powered by WordPress'. The main preview area shows the theme's footer with a green background and a shipping container image. It features a 'NEWSLETTER' section with a form for Name, Email, and Message, and a 'SEND' button. Below the newsletter are sections for 'ABOUT OUR COMPANY', 'QUICK LINKS', 'CONTACT INFO', and 'NEWSLETTER'. The footer also contains copyright information and social media icons.
